PROPOSITION NO. 4

Leading officials of the public school system, faced with the necessity of reducing operating costs to meet curtailed income are coming out as strongest advocates for adoption on June 27 of ballot Proposition No. 4, which would place California in line with the 47 other States that exempt private, non-profit schools from taxation. This proposal is one of the most important that will be passed upon by the voters.

No one who has given the subject a moment's thought will be misled by the statement that adoption of the amendment will seriously reduce the State's income. Instead of saving the \$350,000 argued by the opponents, the cost of maintaining our schools may be increased approximately \$9,000,000, for defeat of the proposition not only may but probably would necessitate closing many of the schools affected, throwing their pupils into the public schools and demanding greatly increased building and maintenance costs that will call for increased public school allowances and more taxes. There is good reason to believe that the Commander of the United Veterans of the Republic, James Broz, was well within the facts when he said:

"If these schools, educating 100,000 pupils annually, closed their doors the State would be faced with additional educational expenditures of \$12,500,000 annually and an almost immediate initial expenditure of \$20,000,000 for new buildings."

The State Controller viewed the situation from this economic angle when he strongly advocated adoption of Proposition No. 4.

Letters From News Readers

READER HAS A FEW NUISANCES TO SWAP

To the Editor of The Sierra Madre News: Referring to the letter of Mrs. Phillips in the last issue of The News—it should never have been given space. Anyone as fortunate as the hungry and penniless should say no word to surprise? people of resourceful minds, who are using every effort to help themselves and escape the dole she suggests.

To trudge the hills of Sierra Madre day after day is no easy task, and a lazy beggar or dole seeker would shun it. Why deny or try to prevent anyone the privilege of making a bare existence, honestly. She should get a vicious dog to protect her from petty annoyances and the beggars at her gate.

Why, also, deny lonely people and children the pleasure of having an inexpensive, harmless pet? I have no dog or cat, but I have a neighbor with a loud, noisy radio and about 10 children of near neighbors that pick my flowers and litter the street with tin cans, etc. I would be glad to exchange them for Mrs. Phillips' occasional solicitor.

Patience and forbearance is a great virtue and helps make life easier.

MRS. A. R. ANDERSON,
Sierra Madre, June 1, 1933.

ALLOWING CHILDREN HERE TO GO TOO FAR

To the Editor of The Sierra Madre News: I wonder if our police and other authorities are not going a little too far in their toleration of the "childish pranks" and rudeness of some of our children. Stealing automobile tires isn't even funny on Halloween, though we seem to be having an epidemic of this sort of thing. And I wonder what some of the visitors from surrounding towns thought of the behavior of some of our children during Sunday's opening concert in Bailey Canyon when a few ill-mannered children spoiled a delightful afternoon's

entertainment for many persons. Flat tires and dismantled electrical wiring of their motors greeted a number of out-of-town visitors when they left the recent concert in the Congregational Church. In each case they had come to Sierra Madre to contribute their services to a local entertainment without charge. In the aggregate several hours of work was piled up putting things to rights... a sort of welcome that might make visitors the more anxious to return to our city—well armed.

READER RHYMES A PROTEST FOR CATS

To the Editor of The Sierra Madre News: This view of the proposal to license cats might be titled "Cataclysm."

Oh, haste, and buy a license, buy a license, Mother dear,
For soon may dawn the saddest day of all the glad New Year!
Of all the glad New Year, Mother, the saddest, gloomiest day:
For the cats may have to pay,
Mother, the cats may have to pay!

There're cats with whiskers long,
Mother, but none so long as mine.

There're Buddy, Tom, and Blackie and Puss Gray, with fur so fine,
But none with mice and gophers to his credit like Shah Kay;
But he will have to pay, Mother, oh yes, he'll have to pay!

There are mocking-birds a-singing every hour, all thru the night,
And little linnets, bless 'em, who can catch a fly on sight;
And they spatter in the birdbath unmolested, all the day;
But the cats have got to pay,
Mother, oh, the cats have got to pay!

For many years we've labored, to guard the family well,
And often have we heard them, our raises to callylls tell;
But now some scientific brains are stirring up our way,
So the cats will have to pay the price, oh, the cats will have to pay!

We may be caught, and die, Mother, beneath some shrub or tree,
For, wearing collars round our necks, we'll sure in danger be;
But little do they care for that, our thinks where we may stray;
For the cats will have to pay, Mother, yes, the cats will have to pay!

They say that Eastern cities at our own fair Eden laugh;
And at Sierra Madre poke their jokes and ribald chaff!
So, to appease these jesters, who revile us by the way,
We cats will have to pay, Mother, we cats will have to pay!

Purr-mew, purr-mew, dear Mother, how sad to me it seems
That in this earthly Paradise, as lovely as our dreams,
There can be those with hearts so hard, that like adamant they say,
"You cats will have to pay, 'tis true, you cats will have to pay!"

(MRS.) BERTHA B. MILLER,
439 Mariposa Avenue,
Sierra Madre, June 7, '33.

WILL IT BE A CRIME TO KILL OR MAIM CATS?

Editor, Sierra Madre News: Assuming that the cat-haters are in the majority, and that they succeed in putting over their cat license law, how about giving the cats a break by making it a crime to kill or maim wilfully any duly licensed feline?

As to the cats being a serious menace to birds, I doubt if the charge can be substantiated. A cat's chance of catching a bird is not much better than a pedestrian's chance of catching an airplane in flight. I notice, however, that the birds get a lot of fun out of teasing and chasing the cats.

* A propos this subject, I enclose a clipping from a recent issue of the New York Times.

H. G. COULTER,
Sierra Madre, June 13, '33.

(EDITOR'S NOTE: The clipping referred to above was a defense of cats as the enemy of the real enemy of birds—snakes, rats, red squirrels and other pests.)

Savings Bank To Lose Services Of A Valued Officer

Mrs. Mattie Seelye Spencer will leave on Monday for her annual vacation from the Sierra Madre Savings Bank. At the time of Mrs. Spencer's marriage last November she tendered her resignation to take effect this June, so following her vacation she will not return to her position.

Entering the Sierra Madre Savings Bank upon graduation from Pasadena High School she has gradually climbed to the position of assistant cashier. During her residence in this city of 22 years she has made a large circle of friends and endeared herself to all who have come in contact with her at the bank. Everyone doing business with the bank will miss her cheerful, efficient services. The directors have expressed deep regret at losing such a loyal, competent member of the bank organization.

Mrs. Marie S. Scalzo Dies In Monrovia

Funeral services for Mrs. Marie Stella Scalzo, 82 years of age, who passed away Sunday at the home of her daughter, Mrs. M. L. Brown, of Monrovia, were held at the Immaculate Conception Church in Monrovia on Tuesday morning at 8:30. New Law To Affect Many Local Roads

Gas Tax Released For Care Of City Streets And Secondary Highways

By Frank G. Martin
Assemblyman 48th District
Sierra Madre and this area will be affected by the so-called Road Bill, Senate Bill No. 563, which Governor Rolph has signed and which is now a law. This provides for a new allocation of gasoline taxes. In addition to one cent out of the three cent per gallon tax which comes to the counties, cities will get one-fourth of a cent of tax on each gallon. The cities must use this fund first, for maintaining streets which form connecting links in the State highway system, but if the total amount of the one-fourth cent fund cannot be used for these links on State highways such funds may be used for main streets in such cities, subject to the approval of the governing power of the city and of the State highway department. The allocation of gasoline tax funds

Musical Numbers Are Added To City's Radio Broadcast

Special duct arrangements have been added to the Sierra Madre radio program which is being presented at 2 o'clock Sunday afternoon, July 2, over Station KIEV in Glendale, according to Mrs. J. Milton Steinberger, program director. Ted Lewis, prominent local tenor, has volunteered his services, and his voice will be heard in solo numbers, as well as in harmony with L. E. Sullivan, baritone.

Tentatively entitled, "A Poet Loves a Lady," a one-act play written and produced by John Copeland, will occupy the major portion of the hour's entertainment. This radio production, it is stated, is a swift moving comedy, with a background furnished by the romantic France of the time of Bergundy and Francois Villon, and tells the exciting story of how a fugitive saves his neck by his wits.

TO REPEAT SPANISH PLAY AS A BENEFIT FOR ST. RITA'S CHURCH

"The Spanish Fiesta," a play in Spanish given in the gardens of the home of Mrs. Lola A. Borradaile, 391 East Grand View avenue, by her grandchildren several weeks ago, will be repeated on Wednesday, June 21, at 3:30 p.m. It will be a benefit for St. Rita's Church and the nominal admission charge of 10c for children and 15c for adults will be made. Preceding the play the public will take part in the blessing of the shrine of our "Lady of Hope." The image was brought from Spain by Mrs. Borradaile on her last visit in that country.

will be based upon the number of automobiles registered in each city and county.

This measure adds 6,600 miles of county highways to the State secondary road system. This means that hereafter the roads designated as part of the State secondary system may be maintained by the State and the counties will be relieved of this. This will have the effect of practically abolishing the special highway tax of 40 cents on 100 dollars.

Out of this one-quarter cent from the tax on each gallon of gasoline a liberal allowance may be used by any city or county to give direct assistance to those who are the victims of burdensome special assessments under the Mattoon Act or other highway improvement acts.

The new mileage of State secondary highways will make the apportionment about even between the North and the South, giving approximately 4,900 miles to each section. Portions of highway in this 48th Assembly District which become State secondary highways under this new law include: Foothill Boulevard throughout the entire length of the 48th Assembly District; Colorado street from Glendale to Monrovia, and Rosemead avenue North to Foothill Boulevard. It is estimated that this new law will save California taxpayer's \$12,000,000 annually in county and city taxes.

EARLY RESIDENT IS BACK HERE ON VISIT

Mr. and Mrs. Charles I. Nye, former residents, who now live in San Francisco, arrived on Wednesday for a visit of a few days with Mr. and Mrs. W. S. Andrews, of 692 West Central avenue. Mr. Nye was one of Sierra Madre's earliest settlers, residing here over 40 years ago. He was connected with the Wells-Fargo Express Company for many years, retiring on a pension.

Harmony Abounds At Dedication Of City's New Retreat

(Continued from Page One)

section. Not often is a small orchestra, playing purely for the love of music, at that, so fortunate as to have so well balanced a group, headed by a very satisfying concert-master.

Sierra Madre gratefully acknowledges its debt to Monrovia, and will not take "french leave" of it.

Were it not for the fact that the Monrovia group was our guest and, therefore, will all due credit, to be treated accordingly. I would have more quickly doffed my hat to the splendid performance of our own young violinist, Miss Orlene Burrow. Miss Burrow played, and exceptionally well, the Wieniawski "Concerto in D Minor." A most attractive young woman not yet out of her teens, and an artist with an undoubted future, she held her audience spell bound by her masterly playing.

Sierra Madre is proud to have so artistic and capable a musician, and should have occasion to give her a triumphal "welcome home" many times in the future. Her playing is marked by fine fidelity to tone, an inborn sense of phrasing, not to mention musicianship in general, and a technique sure but subservient. Throughout her performance she displayed a remarkable breadth and clarity of tone in even the most difficult passages of a work that taxes the resources of older violinists. Intricate cadenzas were executed with the greatest ease, and a fine feeling for lyrical passages was to be noted at all times. This young woman shows not only splendid training, but years of close application to the study of an instrument which now responds magically to her every touch. To insistent applause Miss Burrow finally responded with Sarasate's "Gypsy Air" for an encore. I don't know when I have heard a more beautiful warmth of tone than was evidenced in this composition.

It would be well if signs requesting quiet and no moving around during musical events could be posted around the Bowl. The performers had much competition in the way of commotion among the youthful hearers and quite a few old enough to sit quietly for an hour or so. Again our praise to Professor Seiling, the City Planning Commission, the Firemen and all others responsible for this new and fine addition to the joys of living in Sierra Madre!

A. L. A. Activities

By Dorothy Shetler

GOODNESS gracious, but June is a busy month for the local Auxiliaries. To be in the swim we will have to be as busy as a gentleman of color trying to be at an election and a watermelon eating contest at the same time!

The Juniors are holding their regular meeting at the City Hall Saturday afternoon. The girls have invited all A.L.A. members to attend. They are putting on a special Flag Day program, and the Juniors always please with their efforts.

The second event on the June calendar is the big 18th District Legion and Auxiliary Picnic at Rolland Ranch, all day Sunday, June 18th. The picnic grounds are located just off Valley Boulevard, three miles east of Puente. The day will open with athletic events and many races for children. Also a good fast baseball game at 11 a.m. between Sierra Madre and Pasadena.

Two dandy bands will be on duty all day, and will play for the big open air dance which will be the feature of the entertainment. All ex-service men and their families are cordially invited. The local Legion has secured the most coveted part of the program, having charge of the dance floor. So crank up the old bus and hie ye forth to the joy fest!

On Monday, 19th, is the President's meeting at Baldwin Park. This is another big time, with all presidents present attired in pajamas.

Next on the June program is the Fashion Show at the Government hospital at San Fernando. Sierra Madre unit was requested to buy, beg, borrow or steal an old fashioned bathing suit from the Era of Fainting Women.

Your scribe was more than pleased to know that she has at least one reader, for as soon as the SOS was sent out last week, right away a bathing suit was produced. The message with the suit saying "we read the A.L.A. wanted it." So next Wednesday all the A.L.A. that want to see a Fashion Show of the very latest and very oldest in styles, reserve transportation to San Fernando. And the last report is that "this Collyumnist is it" and is to model the antiquated bathing costume that made the Gibson girl famous. What it will do for Yours Truly remains to be seen!

Next Thursday night is the regular meeting night of the A.L.A. in the Legion headquarters. The Legion boys have been busy fixing up the Dugout and all members should turn out to view the handiwork of the volunteer spring house cleaners. We understand that the rooms are a joy to behold. President Barker and Helen Fleming are going to plan the contents of the feed bag for this night.

Sometime about this time comes the Stag Party at Baldwin Park. President Barker will learn the exact date at the President's meeting. The local A.L.A. is planning to attend in a body.

The following Wednesday the 28th is the date of the Pot Luck Picnic at Monrovia Park. All Unit chairmen, presidents, district chairmen and friends are invited. Every chairman must have their yearly report ready to hand in.

The next day is Thursday. And the night of June 29th is another appearance of the "Economy League Band." The group will leave town about 6 p.m. to take in the Legion Supper at Pasadena and serenade the crowd

there with sweet musicks! Two more ladies have decided to become part of the Silly Symphony, namely Florence Jensen and Lillian Wheeler. That makes a dozen makers of uncanny noises which same noises make our neighbors' roosters and billy goats turn green with envy!

Hallie Hogan and Nell Mathis are on the sick list. Hey Capsule Friend here is where you shine.

Last Thursday night was the regular semi-monthly meeting of the A.L.A. in the City Hall. We don't know whether the pleasant weather or the fact that Augusta Coats and Agnes Tyree were hostesses conspired in getting out several members we haven't seen for a long time. The meeting was most enjoyable. In honor of Flag Day, our Americanism chairman, Mrs. Coats, read two articles. Mrs. Coats always passes with her quiet voice, and her readings were well received. One thing to be marveled at was the delightful way she rippled out the tongue twisters and words of forty nine syllables. And the abhorrence of the Red Flag was plainly delineated in Mrs. Coats' voice as she told of the iniquities perpetrated under the sway of the Flag of Injustice.

Bertha Irvine had a splendid report on the sale of poppies. Everyone aided to jut the sale over in a big way. More flowers were sold than ever before.

All members are urged to be present at the A.L.A. meeting June 22nd as all delegates and alternates to the Convention are to be nominated.

The D.U.V.C.W. and the A.L.A. Dance and Card Party was a success. The crowd was large enough to comfortably fill the clubhouse; but not one of those affairs where you can't move on the floor because someone parks on your toes.

Upstairs where the A.L.A. was in charge were tables of 500, bridge and bunco. Lillian

Wheeler, Maybelle Barker and Leila Embree were the overseers, also having charge of the coffee and donuts. Helen Lovejoy and Bertha Irvine helped in arranging the red, white and blue flowers donated by Hortense Hill. Assisting with the serving of refreshments were the Misses Marjorie and Twyla Stinman.

IN YOUR GARDEN

THINNING OUT IS A GARDENER'S STERN DUTY

ONLY a hardened professional or an amateur gardener, couched by long years of experience will thin his plants properly without some hesitation. The pulling up of some seedlings seems wasteful, but usually from one packet of seeds many more plants than are needed are raised, and a few properly spaced so that they may develop to their

ROOT CROP NOT THINNED OUT. SAME CROP SHOWING MORE HEALTHY AND VIGOROUS GROWTH FOR HAVING BEEN THINNED OUT AT PROPER TIME.

full capacity in the long run will give far better returns than three or four times their number too thickly planted.

There is ever danger that the average gardener will transplant his seedlings from boxes and seed beds too thickly unless he watches himself carefully. The surest way is to take a foot rule or a stick cut to the right length as to the distance apart the plants should be set and to set the plants at

each end of it, moving the stick along. In this way the planter will be held rigidly to the proper distances. The tendency usually is to "hunch" and think, "Oh, well, it won't make any difference if they are a little thicker." However, it does when the plants mature.

The proper distances usually are given in the directions on seed packets and it is the wisest plan to follow these strictly, particularly in the case of head lettuces and other plants making large leaf growth and whose leaves furnish the edible portion of the vegetable.

Another way of making spaces is by tying a piece of rope about a rim of the wheel on a wheel hoe at proper distances and then running the wheel down the row, the places where plants should be transplanted then being marked.

Proper spacing always provides for room to cultivate properly and cultivation is one of the most important factors in a successful crop.

JUNE RAINS BRING TOTAL FOR YEAR NEAR SEASONAL AVERAGE

This city received .34 of an inch of rainfall for what seems now to have been the last storm of the season, making a total of 15.19 inches for the season. Total precipitation up to the same time last year was 24.47 inches. The average during the last three years has been 17 inches.

According to the records at the East Central pumping station, it is not unusual for this district to have rain in June. In the same month last year, an exceptionally wet season, .04 of an inch fell. For the season 1930-31, this city was given .09 of an inch. In 1929-30 the June total was but .03, while .24 of an inch was recorded here in 1928-29.

OLYMPIC PICTURES SHOWN AT SCHOOL

Through the courtesy of Rudolph R. Hartman, president of the Sierra Madre School Board, complete moving pictures of the Olympic games were shown the school children at the grammar school auditorium last Monday afternoon. The film was a combination of pictures taken by 32 cameras of the Los Angeles American Cine club. Mr. Hartman had secured the pictures to show at the closing meeting of the Sunkist Movie Makers on Monday night at Proctor Tavern, Monrovia, where he officiated as outgoing president of the club.

LIBRARY'S LONG WAITING LIST SHOWS SERIOUS TREND OF THE PUBLIC MIND HERE

PERIODS of depression cause people to think, to study and to read for information and understanding rather more than for entertainment, and there has been a pronounced change in the demand for types of books at the Sierra Madre public library.

According to Miss Lulu Moore, librarian, there has been a decided switch from the light, fiction novels to books of more practical and solid content.

"The reading public has become more serious-minded," says Miss Moore, "and the demand for fiction has been largely superseded by the demand for books on economy, history and biography. Greater interest is being shown in foreign authors, also. This is due, in a measure, of course, to the world having been brought into closer relationship."

Russian authors and books on Russia are being widely read.

Experiment To Halt Low Prices

By RALPH H. TAYLOR
Sec. Agricultural Legislative Committee of California

THE agricultural pro-rate commission bill just enacted promises to go down in the record book as the leading accomplishment of the 1933 Legislature.

Designed to aid farmers in guarding against glutted markets and ruinous prices, the bill permits producers in the various branches of the farming industry, when necessity demands, to control movement of their products to market by proration agreement.

As a further safeguard, to prevent selfish manipulation of the plan by minority groups or individuals, it is provided that proration programs can be set in motion only by vote or petition of two-thirds or more of the producers of a commodity in any district and representing at least two-thirds of the production factors, such as acres or trees.

This proviso would prohibit a few large producers from dictating arbitrarily to hundreds of small producers. On the other hand, it would also prevent a clique of small operators from riding rough shod over the wishes of the acreage or production majority.

The bill, quite candidly, is an experiment, but it is an experiment thoroughly justified by present chaotic conditions. Until market supply is regulated to market demand there can be no profit in farming.

SIERRA MADRE GIRL AMONG GRADUATES IN STADIUM
Miss Maxine Russell, A.B., of 171 West Orange Grove avenue, was among the 1933 graduating group of the University of Southern California at the Olympic Stadium on Saturday, June 3.

Miss Moore asserts, because of the interest throughout the world in the experiment of the five-year-plan by the Soviet government.

The local library has a number of books in circulation now for which there is a long waiting list of patrons. "Looking Forward" by Franklin D. Roosevelt is shown to have the greatest demand.

Other volumes for which the public is clamoring are "The President's Research Committee on Social Trends" (referring to President Hoover), "Lucky Baldwin," by Glasscock; "March of Democracy," by James Truslow Adams; "America Faces the Future," by Beard; and "The United States in World Affairs," by Walter Lippmann.

In the fiction class, such works as "Grass," by Pearl Buck; "Ann Vickers," by Sinclair Lewis; "Romanoff's New Commandment," and "Three Pairs of Stockings," "Treehaven," by Kathleen Norris are still in popular favor.

Gabriel Over the White House is still running strong while Simon's "Can America Stay at Home" is frequently requested.

The circulation total for the month of May was 5500 volumes, a gain of 530 volumes over the same month last year. The peak circulation occurred last August when 5600 books were issued.

Books added to the library's shelves during May were: Fiction—Carroll, "As the Earth Turns"; Seinfeld, "Lady Buyer"; Ferber, "They Brought Their Women"; Baldwin, "White Collar Girl"; Queen, "American Gun Mystery"; White, "This is My House"; Lane, "Let the Hurricane Roar"; Gabriel Over the White House; Morley, "Human Beings"; Miller, "He Went Away for a While"; James, "All in a Day's Riding";

Non-fiction: Wain, "House of Exile"; Akeley, "Lions, Gorillas and Their Neighbors"; Alexander, "Always a Grand Duke"; Bonnard, "Art of Friendship"; James, "Andrew Jackson"; Graham, "Ivan the Terrible"; Gibbs, "Way of Escape"; Downes, "Symphonies Broadcast"; Earle, "Modern Corporation and Private Property"; Roosevelt, "Looking Forward"; Beatty, "Big Game"; Brandies, "Other People's Money"; Zweig, "Marie Antoinette."

Fire Flames

By one of the boys

A NEW ruling is that every fellow that is not at the engine house at exactly 7:30 p.m. on the night of practice and ready to go, is liable to a heavy fine. Those caught the first night were Norris, Heasley, Fleming and Hibbs. All put up excuses on crutches, but paid their fines just the same.

Needless to say that the usual turmoil prevailed during the process of the meeting. Louie collected a number of fines for the "Cuss Can," and the Southwest aggregation was heard many times requesting an adjournment. Once more the gang displayed its ability to park cars and prevent accidents and confusion. At the Sunday opening of Bailey Canyon Park, the firemen looked after the parking. At an early hour some of the fellows arrived and sprinkled down the road, thus preventing much dust. The firemen feel very close to Bailey Canyon Park, for were they not instrumental in the beginning of this project.

The last fire call was only a palm tree blaze, but a large number of the men responded. The stationery tank on the truck was all that was required to conquer the blaze, but it took several men to keep Louie's shirt tail in the proper place. 'Twas noticed that the Chief arrived dressed in the recently purchased "Slip-On." This is a pair of trousers especially for firemen and is equipped with a "zipper" arrangement. The Chief says one must be careful when pulling the zipper. Oh, well, the "Fire's Out."

Don't forget the Big Dance on June 24 at the Woman's Club. It is sponsored by the firemen and that is your guarantee of a corking good time. That tantalizing music by the Pasadena Firemen's orchestra will make you glad to be there. And you'll be glad you contributed to such worthy causes as the P.T.A. Milk Fund and the unemployed of our city. Every nickel of the proceeds goes for these purposes.

Monthly Retreats Will Bring Many Southland Priests

Following the precedent already established in many eastern cities, Mater Dolorosa Monastery, of the Passionist Fathers, on Monte Oliva, inaugurated the Day of Recollection last Tuesday with 31 priests in attendance from all parts of Southern California.

According to Rev. Father Walsh, C.P., the innovation will be carried out regularly on the first Tuesday of each month. It is the purpose of the closed retreats to afford diocesan priests generous opportunity for physical relaxation and spiritual meditation, while setting an inspiring example for the souls committed to their keeping.

Since the retreat house was established in Sierra Madre it is estimated that an average of 28 laymen have attended the weekly laymen's retreats and Father Walsh states that this city has received extensive publicity since the dedication of the monastery on Monte Oliva. Each Sunday he addresses audiences of 2000 persons at points in Los Angeles. His assistant, Rev. Father Angelo Hamilton, speaks before audiences of similar proportion on the same day.

All Stars In 8-2 Win Over Monrovia

Local Team Bombards Visiting Hurler And Wins In First Round

A first inning bombardment that netted five runs gave the Sierra Madre All-Stars an 8-2 victory over the All-Stars of Monrovia on the school field last Thursday night. The game was featured by some snappy fielding, Emile Smith contributing the outstanding play in the seventh inning when he raced over back of first and made an impossible catch of a pop fly by Davis.

An error put Levinson on first in the first inning and he went to third when Harkness singled. He scored when Marsh singled. Young tripled and Harkness and Marsh scored. Wheeler singled and Young scored. Smith grounded out, advancing Wheeler. Ropp singled, scoring Wheeler. Pratt ended the bombardment by grounding out.

Talbot opened the second inning for Monrovia with a triple and scored a moment later when Munson singled.

Two more Sierra Madre tallies were rung up in the fifth. An error by Allison put Lorenzini on first and he scored on a double by Wheeler. Wheeler moved around to score on passed balls.

Monrovia's final run went over in the seventh. Levinson dropped Parker's fly, Parker pulling up on third and scoring a minute later on a passed ball.

Wheeler banged out his third hit and scored his third run in the eighth for Sierra Madre. Pratt scored him with a single. The score:

Legionnaires Of This Valley Plan Big Picnic Sunday

Twenty-four American Legion posts of the San Gabriel Valley comprising the 18th district will join in the picnic and reunion on the Roland Ranch, on Valley Boulevard, three miles east of Puente on Sunday and Sierra Madre will send a big delegation.

The festivities begin at 10 a.m. with a ball game between the Sierra Madre and Pasadena teams of the Legion baseball league. The local team wrestled the championship from the Crown City veterans after a hard struggle. The two clubs are now tied for first place in the present pennant race and there is intense interest in the 18th district over the outcome.

There will be all manner of other sports including races and contests for men, women and children and, of course, a dance. While most of the local Legionnaires will go prepared with picnic lunches, a barbecue lunch will be served at the ranch.

TRIPLETT TO STAR AT ASCOT ON WEDNESDAY

With approximately 10 Miller racing cars assured and the same reduced prices prevailing, close followers of the auto racing game are predicting a near sellout next Wednesday night when another session of speed under the arcs will be held at the Legion Ascot Speedway. Ernie Triplett, will undoubtedly be the chief attraction next Wednesday.

It is just about this time every year that the annual trek starts from Indianapolis and it is probable that, in another two weeks, all of the "greats" of the roaring road will once again be competing at Ascot.

that Brain, credited with three runs, did not make a hit. Eleven players were used in St. Rita's line-up and only three of them were able to connect with Hedlund's delivery. Ostlund collecting two of his team's four hits. The score:

TRUCK UPSETS AND THREE HAVE NARROW ESCAPE ON SUNDAY

Roy and Barney Shetler and Vincent Fleming had a narrow escape from death or serious injury on Sunday when a truck in which they were driving on East Orange Grove avenue overturned in a swail. Roy Shetler, who was driving, threw on the brakes when the truck bounced as it hit the dip. The wheels locked and the car sideswiped a tree, overturning it. Roy Shetler was pinned under the machine, but the other occupants were thrown clear and unhurt except for a bad shaking up. Police Officer Harlan Gerlach and R. O. Caukin, with several Legionnaires rushed to the scene and righted the truck, releasing Shetler, who was badly bruised in addition to suffering a slight leg injury. The truck was badly damaged.

Rewards For Merit Given Local Scouts At Court Of Honor

By Bill Hansen

At the Boy Scout Court of Honor, presided over by Col. H. E. Hersey and Rev. H. H. Hannaford on June 8, at the City Hall, awards were presented to the boys of both local scout troops who had made advancement.

In Troop 1 Buddy Walsworth and Donald Nelson rose from tenderfoot to second class rank. Those in Troop 2 who stepped forward to receive their awards were Joe Hinojos for a merit badge in woodwork and athletics, and John Bridgeland, Armstrong and John Colbert for first class badges.

The meeting was opened with a salute to the Flag. Then the Scout oath was given by the boys. The advancement awards were presented. A song was given by George Hannaford and George Hannaford Jr.

The charters were presented to the two troops by Commissioner A. T. Evans. Another song was given by the same performers. Mr. Evans talked to the boys about the meaning of their work. The program was closed with the scout benediction.

The leaders were very much disappointed in the small group that came to the affair.

Woman's Club Hears Talks On Banking And Ballot Issues

(Continued from Page One)

Proposition No. 4, which will appear on the ballot at the approaching special State-wide election. The measure relates to the taxation of private, non-profit elementary and high schools.

"If this proposition is defeated," Mr. Layton warned, "nearly 100,000 pupils now being educated in these schools may be thrown upon the taxpayers for direct support. Continuation of this tax at this time will undoubtedly result in the closing of many of these schools. This would force the pupils into the public school system, requiring more buildings, more teachers and increased maintenance costs that would add to the tax burden. California is the only State in the Union that exacts this tax from the non-profit private schools; the other States long ago decided it was the best public policy to encourage them."

The last luncheon meeting of the club was opened by Mrs. C. H. Barker, leading the salute to the flag, followed by the singing of America and America the Beautiful.

Presentation of a dry-point etching of Donnerville, was made by Mrs. Fred Griebenow, art chairman. The purchase of this was made possible through efforts of Mrs. Griebenow's committee and the one act plays given under the direction of Mrs. J. Milton Steinberger last fall.

Announcement of a Spanish play, "La Fiesta," written and directed by Mrs. Lola A. Borradaile and presented by her grand-children in the gardens of the Borradaile home, 391 East Grand View avenue, to be given on Wednesday, June 21, at 6:30 p.m., was made by Miss Harriette Grant. The play will be followed by a Spanish dinner and exhibit of

lovely shawls. The proceeds of the affair will be used for the picture fund of the art section of the club.

Lovely Spanish señoritas in gay Spanish costumes will exhibit the shawls. Mrs. Griebenow has asked Mrs. John H. Robertson, Mrs. C. H. Sandage, Miss Harriette Grant, Mrs. A. J. Dewey, Mrs. J. Milton Steinberger and Mrs. R. O. Caukin to act as a committee in charge of the affair. Invitations are being sent to the neighboring clubs, and art sections of other clubs of the district. Reservations are to be made with Mrs. Robertson at 2774 or Mrs. Griebenow at 1731.

Mrs. J. M. Campbell, the new Ways and Means chairman, is planning a supper for Friday night, June 30, in the club garden. This will be followed by an exhibition of dancing by some of the pupils of Mme. de Beaulieu.

The last club meeting of the

year will take the form of a garden tea at the home of Mrs. W. J. Lawless, 506 West Grand View avenue. Mrs. Grace Y. Hudson, new district federation president, will install the new officers.
